FAR BELOW AN AVERAGE.

New Crop of Wheat Will Be Between 60 and 70 Per Cent. of an Average.

The biggest portion of the wheat crop of this county has been threshed, affording a fair estimate of the yield. As estimated by threshing men and farmers in various sections the crop will be only between sixty and seventy per cent. of an average yield. Much of it is being marketed, many farmers preferring the present prices to holding it for higher prices on an uncertainty.

SUED FOR LIBEL IN SUM OF \$5,000

Breckenridge Democrat Defendant in Suit Filed in Ohio County Circuit Court.

(Hartford Republican.)
Suit has been filed in the Ohio Circuit Court against the Breckenridge County Democrat, a paper published at Hardinsburg, by Assistant State Organizer, M. F. Sharp, of the A. S. of E. The suit was brought because of an article, or attack on Mr. Sharp, which we reproduced recently. The defendants are Henry DeHaven Moorman, W. R. Moorman, Sr., and Roy E. Moorman. The petition alleges that Henry DeHaven Moorman, who is also county judge, is editor, W. R. Moorman, Sr., owner, and Roy E. Moorman, business manager of the Breckenridge Democrat.

After reciting the facts connected with his recent visit to Hardinsburg and the County Union at that place the plaintiff quotes the article complained of and which we have heretofore published. The petition concludes as follows:

"He says said statements were and are false and libelous and were published by the defendants maliciously and

with the purpose and intent to injure, degrade and defame him and to destroy his influence with the American Society of Equity, and that by reason of said false and malicious publication, as aforesaid, his influence in Ohio and Breckenridge and other counties of this state with the Society has been greatly injured and decreased and his standing and influence as a man and a citizen have been greatly injured and that he has been humiliated thereby and suffered great humiliation, mental anguish and pain on account of said false and malicious publications and has been degraded in the estimation and opinion of his neighbors and the people of his county and State and all to his great damage in the sum of five thousand (\$5,000) dollars.

Whereupon plaintiff prays judgment against the defendants for the sum of five thousand (\$5,000) dollars, his costs herein expended and all proper relief. The article was written because Mr. Sharp made a speech at the Breckenridge county Union advocating a continuation of the present system of financing and marketing the pooled tobacco, to which Mr. Moorman is very much opposed.

The petition is signed by Glenn and Simmerman and Heavrin and Woodward, as attorneys.

HOT WEATHER AND POST CARD CRAZE GO HAND-IN-HAND.

The hot weather of the past few days has witnessed a falling off in the local postoffice receipts, as only the most important mail matters are being attended to—such as business letters, love letters, and letters to "the old folks at home," with the same old request. Postmaster Rowland says he has noticed no material decrease in the ordinary run of love letters, but that a two-cent stamp will carry letters of this variety that in other seasons require a "due 2-cents" stamp. However, he is of the opinion that hot weather does not affect sentiment, but that love letters this weather are short, but sweet.

The post card craze is the most popular at this time of year than at any other, doubtless due to the fact that letter writers make the card far answer the purpose of letters during the mid-summer season.

NEW QUARTERS FOR POSTOFFICE.

New Building on Wall Street Will Be Ready for Occupancy About September 1.

The new two-story brick building which is being erected on Wall street, adjoining the Bank of Cloverport building, will be pushed to completion in all possible haste. The work of excavation and laying the foundation has been completed and in a few days it will be ready for the brick mason.

The front of the building will be built on exactly the same plans as the bank building. The ground floor will be used by the Uncle Sam as a postoffice, while the second story will be used for offices. It will probably be ready for occupancy September 1.

The new building is being erected by Dr. A. A. Simons.

Towing Indiana Wheat.

The towboat "Wickliffe," the property of Mr. T. F. Sawyer, of this city, has been engaged in towing several thousand bushels of wheat from the Indiana bottoms around Derby, to Cincinnati, Ind. Mr. Sawyer has secured the contract to deliver the wheat of that section and his boat will be engaged for several weeks fulfilling the contract.

COWARDLY ACT OF BRUTAL SOLDIER

May Cause Death of John Arnold, at Sample.

Saturday's Owensboro Messenger.

John Arnold, a bridge carpenter, employed by the L. & H. St. L. railroad company, lies at his home at Sample in a serious condition as a result of being struck on the head by a bayonet Thursday while standing on a trestle near Brandenburg, watching the train carrying the soldiers of the Third Kentucky regiment to their homes from the James-town exposition.

It is alleged that a soldier leaned out of the train window and with his bayonet delivered a hard blow on Arnold's head. Arnold was repairing the bridge and he moved aside to one of the safety platforms to let the train pass. There was another workman with him, and had it not been for him Arnold would have fallen from the trestle after he was hit.

Arnold was put on the train and removed to his home at Sample. A physician was summoned and it was found necessary to remove several pieces of shattered bone from his skull. Arnold's recovery is doubtful.

On the special train were companies from Owensboro, Henderson, Central City and Madisonville. None of the members of Company C, the local company, know anything about the injury to the man. There is much indignation over the affair, and it is understood that the matter will be fully investigated by the railroad company.

The Tie Business.

Thousands of railroad ties have been coming into Cloverport for the past week, and the business, which has always been immense, shows an increase. The present season is probably the busiest of the year. Seaton & Weatherholt are preparing to ship 20,000 ties to an Indianapolis firm in a few days.

HOT WEATHER AND "DRY" TOWN

Make Soft Drink Parlors Much Sought After in Cloverport.

Everybody extends the "glad hand" to the soft drink dispenser these sizzling days, and at present he is more popular than a "tiger" on election day. Loose coin, "chicken feed" and even the new egg are in the maelstrom of soft drinks with never a word of protest from sweetening humanity. Local dealers in soft drinks say this

season's sales of the cooling beverages thus far have nearly doubled the sales of former seasons for the same length of time. They do not attribute all of their good fortune to the excessive heat, however, but are inclined to give local opinion its full share of credit. They say that since the "dip" has been on seven days in the week in Cloverport the sales of soft drinks have increased wonderfully.

Leg Broken.

Mrs. William Riley, of near town, sustained a broken leg Saturday in a fall received while ascending a ladder at her home. The fractured member is healing nicely.

BETTER PAY FOR SCHOOL TEACHERS

Per Capita of \$3.40 For This Year Will Help Fatten Lean Purses.

The per capita for the school year 1907-08 of the common schools of Kentucky will be \$3.40, an increase of ten cents over last year, and a record basis for paying the teachers of the State.

This per capita was declared by State Superintendent J. H. Fuqua on an estimate furnished him by State Auditor Hager that the school revenues for the coming year will approximate \$2,944,600.

EXCELLENT PROGRAM AND JUICY PREMIUMS

Offered For First Exhibition of Breckenridge Fair Association.

That the first annual exhibition of the Breckenridge Fair Association will be one of the best county fairs in the state is assured by a glance at the program and list of premiums in the catalogue just issued. The fair catalogue was issued from the management has displayed excellent judgment in the arrangement of the program, the premiums offered and other inducements held forth to exhibitors and visitors. It is believed that the catalogue that will attend the fair will be the largest ever brought together in this county, and the occasion will be made into a home-coming week by the Breckenridge county citizens who have wandered away. The fair opens September 3, for a three days meet.

The catalogue was issued from the press of the Breckenridge Democrat and is a creditable piece of printing.

TWICE SENTENCED TO BE HANGED

Former Cloverport Negro Is At Last Acquitted—Mother Slaves For Years To Save Son.

Her home mortgaged and slaving for years to earn sufficient money with which to free her son from the clutches of the law and save him from the hangman's noose, Susan Walker, a respectable colored woman, of this city, has at last been rewarded by the good news that her son, Bill Lightfoot, who has been twice sentenced to the gallows for murder in Memphis, Tenn., has finally been acquitted. Lightfoot was charged with the murder of a railroad man in Memphis several years ago, and was twice convicted on purely circumstantial evidence and sentenced to be hanged each time. The Supreme Court of Tennessee in both instances granted him new trials, with the result that he was acquitted a few days ago.

When her son was accused of the crime Susan Walker mortgaged her little home in Cloverport to raise money to defend him. Never a day during the four years that his life had been at stake has she ceased laboring to accumulate sufficient means in his behalf and it was through her efforts alone that his case was given a rehearing before the Supreme Court, thus saving his life.

Lightfoot will arrive here shortly to make his home with his mother,

WAITING FOR A DOLLAR PER.

Perry County Farmers Want a Hundred Cents For Their Wheat.

The farmers of Perry county, Ind., in the bottoms around Tobinsport, are strong in their faith that wheat will touch the dollar mark and a majority of them are accordingly holding their crops until the hundred cents per bushel is reached. Only two crops so far, it is understood, have been sold, and they are small. In the adjoining counties, however, it is stated that much of the wheat is being disposed of at the present figures, especially in the Derby section.

DULL TIMES FOR THE PILL MAN.

Health of Community Exceptionally Good For This Time of Year, Say Physicians.

The physicians of Cloverport have little else to do but fan the wind and fight flies these days. They say that the health of the community is unusually good for this time of year, and that business is slow in their line. With the exception of considerable sickness among infants there is little illness in the county.

Pull For Louisville.

Mr. J. C. Nott, secretary of the Cloverport Commercial Club, is in receipt of a communication from John D. Wakefield, secretary of the Citizens Committee, of Louisville, asking the aid of the Breckenridge citizens in securing the Democratic National Convention for 1908 for that city. Louisville is working hard for the convention and has enlisted the aid of several members of the National Democratic Committee in the city's behalf. That a national convention will not

only be a benefit to Louisville, but to all of Kentucky, is conceded and Louisville is asking the hearty cooperation of the whole state in her effort in that direction by requesting the citizens in every county to address letters to their Congressmen, Senators and Members of the National Committee urging Louisville's claims.

The metropolis of Kentucky has a convention hall that seats 16,000 persons in perfect comfort, ample hotel accommodations and is centrally located, which are strong points in her favor.

DEATH BECKONS COL. WILL S. HAYS

Veteran Ballad Writer and Poet Is Entering Into His Last Sleep.

Col. Will S. Hays, song writer, poet, editor and former steamboat Captain, is seriously ill at his home in Louisville as a result of a paralytic stroke received a few days ago, and his death is expected to occur at any moment.

Col. Hays has won international fame as a song writer and poet, "Mollie Darling" being one of his best known and most popular productions.

The following poem was written by Col. Hays many years ago and dedicated to the memory of the late Captain J. M. White, veteran river man, whose home was in Cloverport for many years and whose family now resides in this city. Mr. C. W. White is a son,

HIS LAST TRIP.

"I never passed a hall."
"Mate, get ready down on deck,
I'm heading for the shore;
I'll ring the bell, for I must land
This boat for evermore."

"Say, mate, can you see that light—
I do—where angels stand?
For there I'm going to land
And never pass a hall."

"That looks like Death that's hailing me,
I'll toll the bell—I must go in;
I'll toll the bell—I must go in;
I'll toll the bell—I must go in."

"Stop her! Let her come in slow!
There! That will do—no more,
The line are fast, and engines wait
To welcome me ashore."

"Say, pilot, I am going with them
I'll ponder through that haze;
I'll not come back—your ring the bell,
And I'll sail out on that wave."

"For I have made my trip of life,
I'll take my soul and anchor that
Fast to the Throne of Grace."

THE COLLOSSUS OR THE HOUSE.

By CHARLES KLEIN.

A Story of American Life Novelized From the Play by
ARTHUR HORNBLow.

COPYRIGHT, 1906, BY G. W. DILLINGHAM COMPANY.

CHAPTER IX.

THE library was the most important room in the Ryder mansion, for it was there that the Colossus carried through his most important business deals, and its busiest hours were those which most men devote to rest. But John Burkett Ryder never rested. There could be no rest for any man who had a thousand millions of dollars to take care of. Here the money-mad held court like any king, with as much ceremony and more secrecy, and having for his courtiers some of the most prominent men in the political and industrial life of the nation. Corrupt senators, grafting congressmen, ambitious railroad presidents, insolent coal barons who impudently claimed they administered the coal lands in trust for the Almighty, unscrupulous princes of finance and commerce, all visited this room to receive orders or pay from the head of the "system." Here were made and unmade governors of states, mayors of cities, judges, heads of police, cabinet ministers, even presidents. Here were turned over to confidential agents millions of dollars to overturn the people's vote in the national elections. Here were distributed yearly hundreds of thousands of dollars to grafters, large and small, who had earned it in the service of the "Colossus."

Here secretly and unlawfully the heads of railroads met to agree on rates which by discriminating against one locality in favor of another, crushed out competition, raised the cost to the consumer and put millions in the pockets of the trust. Here were planned tricky financial operations which deliberate intent to mislead and deceive the investing public, operations which would send stocks soaring one day, only a week later to put Wall Street on the verge of panic. Half a dozen suicides might result from the coup, but twice as many millions of profits had gone into the pockets of the "system." Here, too, was perpetrated the most heinous crime that can be committed against a free people—the conspiring of the trusts, and of the railroads, to arbitrarily raise the prices of the necessities of life—meat, coal, oil, ice, gas—wholly without other justification than that of greed, and with these men was the uncomparable, all absorbing passion. In short, everything that unscrupulous leaders of organized capital could devise to squeeze the life blood out of the patient, defenseless toiler was done within these four walls.

When Jefferson entered, his father was seated at his desk, a long black cigar between his lips, giving instructions to Mr. Bagley. Mr. Ryder looked up quickly as the door opened, and the secretary made a movement forward as if to eject the intruder, no matter who he might be. They were not accustomed to having people enter the sanctum of the Colossus so unceremoniously. But when he saw who it was Mr. Ryder's stern, set face relaxed, and he greeted his son with a smile.

"Why, Jeff, my boy, is that you? Just a moment until I get rid of Bagley, and I'll be with you."

Jefferson turned to the bookshelves and ran over the titles while the financier continued his business with the secretary.

"Now, Bagley, come, quick! What is it?"

He spoke in a rapid, explosive manner, like a man who has only a few moments to spare before he must run to catch a train. John Ryder had been catching trains all his life, and he had seldom missed one.

Jefferson was silent. He did not want to displease his father. On the other hand, it was impossible to let things drift as they had done so long. There must be an understanding sooner or later. Why not now?

"The truth is, sir," he began timidly, "I'd like a little talk with you now if you can spare the time."

Ryder senior looked first at his watch and then at his son, who, ill at ease, sat nervously on the extreme edge of a chair. Then he said, with a smile:

"Well, my boy, to be perfectly frank, I can't—but I will. Come, what is it?"

Jefferson looked at his father, and he had recovered from his surprise. "I'm sorry to bother you," he said, "but I've had a very busy day, Jeff. What with Transcontinental and Transatlantic across the Pacific and West coast and rate bills and Washington I feel like Atlas shouldering the world."

"The world wasn't intended for one pair of shoulders to carry, sir," rejoined Jefferson calmly.

His father looked at him in amazement. It was something new to hear any one venturing to question or comment upon anything he said.

"Why not?" he demanded when he had recovered from his surprise. "I'm sorry to bother you," he said, "but I've had a very busy day, Jeff. What with Transcontinental and Transatlantic across the Pacific and West coast and rate bills and Washington I feel like Atlas shouldering the world."

"The world wasn't intended for one pair of shoulders to carry, sir," rejoined Jefferson calmly.

Jefferson said nothing. He was wondering if his sire had a suspicion of what he was leading up to that. But Ryder senior continued:

"Do I care? The more they attack me the more I like them. They are like mosquito bites on the pachyderm. What I am, the conditions of my time made me. When I started in business as a humble clerk, forty years ago, I had but one goal—success; I had but one aim—to get rich. I was lucky. I made a little money, and I soon discovered that I could make more money by writing my competitors in the oil fields. Railroad conditions helped me. The whole country was in a state of confusion over the land, and I was carried along on its crest. I grew enormously rich, my millions increasing by the hour."

CONTEMPTIBLE AND UNCALLED FOR

Was Newspaper's Attack Upon
Leading Equity Man, Says
Hartford Republican.

(Hartford Republican.)

The Breckenridge Democrat, which carries just below its head line the motto, "Equal rights to all men, special privileges to none," had the following contemptible and uncalled for attack upon our fellow countryman and brother in the cause of Equity, M. F. Sharp, in its issue of July 2: "In our humble opinion the best residence the A. S. of E. could make would be to forthwith fire the two interlopers who attended our meeting in the name of Equity, but apparently in interest of Equity's worst enemy, the Louisville Tobacco Warehouse Company. Especially do we take pleasure in saying that if Mr. Sharp was in Hardsburg in the interest of Equity, his actions and expressions belied his avowed if ever man left a bad taste in the mouth of his hearers, every man with even half sense in that convention must have been nauseated by the despicable deceit that this contemptible interloper attempted to choke down them. To tell with such Equity men—he ought to have been thrown out the window, had it not been for injuring the glass. Mr. Sharp, who is Assistant State Organizer, elected at the State Union held in Frankfort last Spring, had gone to Hardsburg at the instance of some of the State officers to help the organization in that county, which has never been what it should be. This is one of the duties which belongs to Mr. Sharp's office, and it is a shame that when in line of duty strictly he should be slandered by a sheet whose editor in this article of vilification displays the fact that he either not a member of the A. S. of E. or does not know the first principle of the society. Mr. Sharp is a man above reproach in his county and has done more to organize and spread the principles of Equity than any man in western Kentucky. When the editor of the Democrat gets ready to throw from his court house window such a man as Mr. Sharp, because he does not agree with him, he should remove his 'equal rights' motto from the head of his paper. Editor Moorman is County Judge of Breckenridge county, a leading Democrat. The county union which met here last Friday condemned the publisher of the article, and a resolution of confidence in Mr. Sharp."

POOLED TOBACCO TREBBLES IN PRICE

That Sold By Independent Raiser
In This Instance.

Some people, to appreciate the full extent of a proposition, want a picture of the tobacco situation. Here, we think, is a deadly parallel in the tobacco situation, which is equivalent to a clear cut drawings. Last year Chas. Grimes, colored, raised a small crop of tobacco on land controlled by the Grimes family, the two brothers in law. Grimes sold his holding outright and Grathouse pooled, so we can have a distinct understanding about the proceeds of each. In the sale Grimes selected his part of the trash and put it on the market, receiving 50 cents and one dollar per hundred for it. Grathouse pooled and received an advance of one dollar per hundred on the same grade of tobacco, and the authorities are now making a settlement on the outright sale of same. Grathouse received for his share \$2.20 to \$2.40 additional. His advance was more than Grimes' sales and in less than 6 months he comes in for another take out of double the original advance; and yet, you will hear parties here and there in Hancock county say the Equity Society has accomplished little and is on the verge of disruption. Mr. Dumper should take the above proposition and smoke it to a finish.—Clarion.

"In 1909 I had a very severe attack of diarrhoea," says R. N. Farrar, of Cat Island, La. "For several weeks I was unable to do anything. On March 10, 1909, I had a similar attack, and took Chamberlain's Colic, Cholera and Diarrhoea Remedy which gave me prompt relief. I consider it one of the best medicines of its kind in the world, and had I used it in 1909, believe me, I would not have been so 'suffered' by the doctor's bill." Sold by Severs' Drug Co.

Emperor of Korea Resigns the Throne He Has Held For Forty Years.

THE PRESSURE OF JAPAN

Influences of a Dominant and Progressive Neighbor Proved Too Much For Head of Hermit Kingdom.

Ceremony of Abdication In Favor of Crown Prince Was Performed In Palace at Seoul Today.

Tokio, July 19.—A dispatch from Seoul says that the emperor convened the elder statesmen at 1 o'clock this morning. The cabinet ministers waited in an adjoining room while the emperor conferred with the elder statesmen. After a two-hour conference his majesty finally yielded and made up his mind to abdicate, and the formal ceremony of abdication will be held today.

Seoul, July 19.—Marquis Ito visited the emperor at 5:30 o'clock last evening in response to the emperor's plea. After two weeks of obstinate seclusion and silence the emperor sent court officers to Marquis Ito with a message that, inasmuch as both were worried over the presence of the Korean deputation at The Hague, he therefore begged the resident general

EMPEROR OF KOREA.

to come to the palace. Marquis Ito's first reply asked for an audience two or three days hence, after the arrival of Foreign Minister Hayashi from Tokyo. The emperor replied that he would want all of the day for Marquis Ito's coming. At the residence general an authoritative statement of the cabinet's action Wednesday night was given out. It was stated that the cabinet recommended that the emperor retire and leave the throne to the crown prince. The emperor did not reply then, but convened the cabinet for yesterday afternoon. Marquis Ito says that the cabinet is acting on its own initiative and without a knowledge of Japan's plans or desires.

The audience of Marquis Ito with the emperor of Korea last evening lasted an hour. It is reported that the emperor appealed impudently to the emperor to help save Korea from her present complication in a manner satisfactory to the Japanese and without doing anything to harm the Korean court. Marquis Ito, it is said, carefully avoided making any definite reply and retired without committing himself. A number of Koreans calling themselves elder statesmen of Korea have sent a long letter to Marquis Ito intimating that the Japanese would receive their support in their dealing toward the emperor, but failing that they would die a martyr's death and that the whole nation would do likewise.

THE LAST STAGE

Argument in the Haywood Trial Began This Morning.

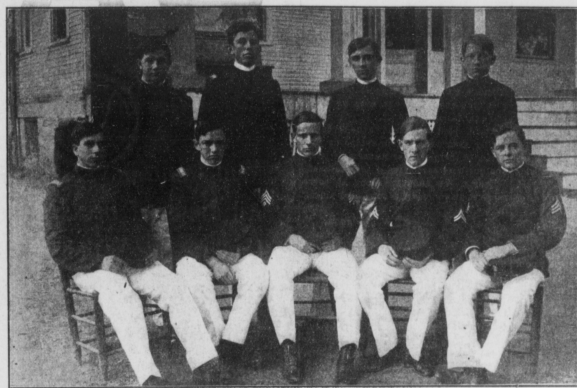

Boise, Idaho, July 19.—J. H. Hawley opened the argument for the state in the case of William D. Haywood this morning at 10 o'clock. It is expected that he will take the entire day. Mr. Richardson for the defense will speak Saturday.

A day of argument on the admissibility of points of evidence followed the announcement from the defense yesterday that they had no further witnesses to offer in behalf of William D. Haywood. The point argued was the proposition to exclude from consideration by the jury the evidence offered by the defense to show by proof of deportation of miners from the Cripple Creek district of Colorado; that a conspiracy was formed among the mine-owners and the citizens of the district to prevent the employment of members of the Western Federation of Miners.

Ed Geers Going Some. Libertyville, Ill. July 19.—Ed Geers swept the card at the trotting meet here yesterday, winning the first two races outright and getting first money in the third by virtue of the association arrangement that no races were to be longer than five heats and that the purse was to be divided according to the summary at the end of the fifth heat unless won in less number of heats.

Educational Platform of Louisville Training School, Beechmont, Ky.

PROF. W. H. PRITCHETT, A. M., Head Master.
Fall Term Opens September 17, 1907.

GRADUATING CLASS OF 1907.

Education is not a mind cramming process; it is not a perfunctory memorizing routine; it is not the treatment of the mind as a vast reservoir to be filled with the myths and rubbish of the ages; it is not the completion of a prescribed course of study with a view of obtaining a cheap parchment and scholastic honors (a popular passport with which to victimize the unsuspecting). It is none of these.

Education is, in the true sense of the term, a training, a development, a remodeling of the whole man, body, soul and spirit; the correction of bad habits and the formation of good ones, whether of body or mind, or of the social and business relations; the most potent agency for lifting humanity from a plane of sloth and vice to one of virtuous and useful activity. It is the bringing to bear upon all the material and spiritual agencies and motives which the Infinite Jehovah has ordained for his creatures. It is the ability to use with power, all the elements which God has put into man. All national school training must recognize certain fundamental principles, among which may be mentioned the following:

1. No human mind has its duplicate. The individuality and idiosyncrasy of every student, must, therefore be recognized. The Chinese shoe process of requiring all pupils to complete identically the same course of study, to have their minds cast in precisely the same mould, must be regarded as irrational in theory and impracticable in accomplishment. With the full recognition of this principle, instructors must ascertain and remember the relative value of different departments of knowledge, must answer intelligently the question, "What knowledge is of most worth?"

2. Since system and development are found in the economy of nature, they must be followed in the training of the human being. Some things naturally come first and some second in order of importance. "One thing at a time, and that well," is to be matched with another maxim equally important, "Let everything be done decently and in order." Hence, that teaching is most rational and valuable which seeks and carries out most fully the system found in nature; which establishes most thoroughly and naturally a harmonious connection between the efforts of the mind and the great domain of nature; which brings the student most effectually into love with the world and works of God.

3. Schools cannot secure the same results on all students. They must commence with the mental, moral and physical capital presented, and develop that to the highest extent of which it is susceptible.

4. Unduly sectarian, sectional or partisan schools must, necessarily, be illiberal and dwarfing in their tendency, restricting the minds of their students to but one side of questions and checking the liberal growth which results from the full and impartial investigation of all subjects. Experience has abundantly proven that all shades of belief and opinion may be harmoniously and advantageously trained in the same school, and yet each teacher and pupil be free and untrammelled in his views and liberties.

5. Thoroughness does not consist in completing certain text-books or courses of study, page by page, paragraph by paragraph, word by word, letter by letter, but in the full, complete and systematic mastery of subjects. It is the maturation, digestion and assimilation of mental food, strengthening the individual for vigorous thinking, feeling and doing. We do not advertise to graduate within a limited time as we can not be honest and do so. The time of graduation depends solely on the pupil.

6. Courses of study should be modern and practical in their character, an entire breaking away from the curriculums established during the dark ages and perpetuated by too many institutions of the present day. We flatter ourselves that we have in our curriculum found the golden mean between the extremes. Schools should train young gentlemen for life as it is; should ascertain what the world needs in the various fields of activity; should work in harmony with the progressive spirit of the times, sending its students into the active world much sooner and more thoroughly qualified than during the days of sickles, flails, stage coaches, log school houses and log churches. In short, our schools should, in the matter, method and results of teaching, partake of the general progress which we see exhibited in the arts, sciences, and the business world, yet not be guilty of sham work.

Such are the half-dozen basic principles upon which we found all our efforts in our chosen life-work. We try to live them and teach them. To these principles, closely followed out, we refer our success in our line of work. Money making is not our single aim; but to benefit our fellows by helping in the development of their God-given faculties. It is our ambition to do nothing but honest, conscientious work. No good, honest and faithful teacher ever fails to earn all he is paid. Too many teachers in too many ways degrade their profession.

Weak Women
To weak and ailing women, there is at least one way to help. But with that way, two treatments, must be combined. One is local, one is constitutional, but both are important, both essential. Dr. Shoop's Night Cure is the Local. Dr. Shoop's Restorative, the Constitutional. The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments. The "Night Cure", as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weakness and discharges, while the Restorative, eases nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, brings about renewed strength, vigor and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—a general tonic to the system. For positive local help, use as well.

WEDNESDAY, JULY 24, 1907

Hon. R. M. Jolly, who died at Irvington last week, was a splendid type of Kentucky manhood. His personal popularity among his people made it possible for him to overcome a large Democratic majority, as a Republican nominee, for State Senator. He served his constituents faithfully in the upper branch of the General Assembly, through several sessions. Although still quite young in years, he had held many places of honor and trust, and had been a prominent factor in his town and county. The death of such men as "Bob" Jolly is not alone a loss to the party, but their country and State as well.—Hartford Republican.

Mrs. Adelle Hambleton celebrated her sixty-second birthday last Sunday by giving a dinner to a number of friends and her daughter, Mrs. Kiehl. Koonmole. The News was thirty-one years old on that day, and its thirty-sixty-two, all of us a pretty lively set of youngsters, aren't we, Miss Dell.

Over Thirty-Five Years.

In 1872 there was a great deal of diarrhoea, dysentery and cholera infantum. It was at this time that Chamberlain's Colic, Cholera and Diarrhoea Remedy was first brought into use. It proved more successful than any other remedy or treatment, and has for thirty-five years maintained that record. From a small beginning its sale and use has extended to every part of the United States and to many foreign countries. Nine druggists out of ten will recommend it when their opinion is asked, although they have their medicines that pay them a greater profit. It can always be depended upon, even in the most severe and dangerous cases. For sale at Severs' Drug Co.

WESLEY'S CHAPEL.

Eagar Arms, Jr., lost a fine young mule last week. Mr. Ed. Corley was up from Cloverport last Sunday. Mr. Jeff Dowell was badly crippled last Thursday by cutting his foot with an ax. Mrs. Pollie Argabright, who has been visiting friends and relatives at this place since May 1, returned Sunday to her home at Lodiburg. The infant of Mrs. Nellie Dowell died on last Sunday, after three weeks illness.

Railroad Men Wanted.

The demand for telegraph operators was never as great as right now. The Bowling Green Business University has turned out more operators than any other school south of the Ohio river, and still the demand upon it is as great as ever. Its operators are wanted by twenty-three railroads. This is conclusive evidence that the training it gives is satisfactory. Young men desiring information concerning telegraphy positions should write to the Business University at Bowling Green, Ky. Bookkeepers and stenographers are in as equally as great demand.

Drop by drop the offensive discharge caused by Nasal Catarrh falls from the back of the nose into the throat, setting up an inflammation that is likely to mean Chronic Bronchitis. The certain, rational cure for Catarrh is Ely's Cream Balm, and the relief that follows even the first application can not be told in words. Don't suffer a day longer from the discomfort of Nasal Catarrh. Cream Balm is sold by all druggists for 50 cents or mailed by Ely Bros., 56 Warren St., New York.

Masons Conduct Funeral.

The funeral services over the remains of Hon. R. M. Jolly, at Irvington, were conducted by the Masonic lodge of that place, W. J. Piggott, acting Master of the Bowlingville lodge, administering the last rites. In the notice of Mr. Jolly's death in last week's issue the above paragraph was unintentionally omitted.

Little Dell Bradley, of Garrett, spent last week with her mother, Mrs. R. J. Bradley.

Miss Amanda Sipes, of Louisville, spent last Sunday with Bertha Foushee, several from here attended the W. M. of A. picnic at Guston last Saturday.

There is more Catarrh in this section of the country than any other disease put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. Cheney & Co., Toledo, Ohio, sold by Druggists, 75c.

ECZEMA COVERED HANDS 11 YEARS

Cracked and Bleeding in Many Places—Became so Bad that Nail Came Off Finger—Tried Many Remedies and Consulted Three Doctors, but Got No Relief—Now Cured and Is Very

PROUD OF HAVING TRIED CUTICURA REMEDIES

"I had eczema on my hands for about eleven years. The hands cracked open in many places and bled. One of my fingers was so bad that the nail came off. I had often heard of cures for the Cuticure Remedies, but had no confidence in them as I had tried so many remedies, and they all had failed to cure me. I had seen three doctors, but got no relief. Finally my husband said that he would try the Cuticure Remedies, so we got a cake of Cuticure Soap, a box of Cuticure Ointment, and two bottles of Cuticure Resolvent Pills. Of course I kept Cuticure Soap all the time for my hands, but the one cake of Soap and half a box of Cuticure Ointment cured them. It is surely a blessing for me to have my hands well, and I am very proud of having tried Cuticure Remedies, and recommend them to all suffering with eczema. Mrs. Eliza A. Wiley, R. F. D. 2, Lacombe, Iowa, Oct. 18, 1906."

ITCHING PIMPLES

Resulted from Poisoning. Cured by Two Sets of Cuticure Remedies.

"My husband got a blood disease from using 'poisoned' underwear. He was all full of pimples, and he had an awful itching. He took a good many so-called blood purifiers and nothing did him good. Then we saw in a newspaper about Cuticure Remedies, and they cured him after using in all two sets of Cuticure Soap, Cuticure Ointment, and Cuticure Resolvent Pills. I wouldn't do without Cuticure Soap. Resolvent Pills, 1000 Bennett St., Reading, Pa., Jan. 25, 1906."

In Memory of R. M. Jolly.

IRVINGTON, KY. Inasmuch as death has entered in and taken from us our esteemed friend and associate, Robert M. Jolly, we, the directors of the First State Bank, deem it fitting to offer the following resolutions:

Resolved, first, That we in our human judgment feel that this death is untimely and we are reminded thereby that in the midst of life we are in death—yet we doubt not the wisdom of an almighty providence, for we know full well that He who rules the waves and holds the stars in place, and yet takes note of the sparrow, can make no mistake.

Second, By this death we have sustained a loss which can not be easily repaired; we have suffered a wound which only time can heal. We have lost a true friend, a good citizen, a substantial business man—one who was ever generous and ever faithful to duty.

Third, That we extend to the bereaved family assurance of our sympathy and tender to them our assistance as friends and business associates of the deceased.

Fourth, We submit a copy of these resolutions and order a copy filed among our records.

I will mail you free, to prove merit samples of my Dr. Shoop's Restorative and my Book on either Dyspepsia, The Heart or The Kidneys. Troubles of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—mean Stomach weakness, always. And the Heart, and Kidneys as well, have their controlling or inside nerves. Weak these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its mark. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, flatulence, or breath or complexion, use Dr. Shoop's Restorative. Write me to-day for sample and free Book. Dr. Shoop, Racine, Wis. The Restorative is sold by Severs Drug Co.

I will mail you free, to prove merit samples of my Dr. Shoop's Restorative and my Book on either Dyspepsia, The Heart or The Kidneys. Troubles of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—mean Stomach weakness, always. And the Heart, and Kidneys as well, have their controlling or inside nerves. Weak these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its mark. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, flatulence, or breath or complexion, use Dr. Shoop's Restorative. Write me to-day for sample and free Book. Dr. Shoop, Racine, Wis. The Restorative is sold by Severs Drug Co.

Long Live The King
is the popular cry throughout European countries; while in America, the cry of the present day is "Long live Dr. King's New Discovery, King of Throat and Lung Remedies!" of which Mrs. Julia Ryder Paine, Truro, Mass., says: "It never fails to give immediate relief and to quickly cure a cough or cold."

Mrs. Paine's opinion is shared by a majority of the inhabitants of this country. New Discovery cures weak lungs and sore throats after all other remedies have failed; and for coughs and colds it is the proven remedy. Guaranteed by Severs Drug Co. 96c and \$1.00. Trial bottle free.

Mrs. Gertrude McKiernan.
"I suffered very much with a severe cold in the head and was always complaining of feeling tired and drowsy. When my mother suggested and insisted on my taking a few bottles of *Peruna*, I did so, and in a short time I felt like a new person. My mother praises it very highly and so do I."

Confidence in Pe-ru-na.
Mrs. M. F. Jones, Burning Springs, Ky., writes:
"We have been using *Peruna* for some time and have no hesitancy in recommending it for the thousand and one ailments of humanity."

"From a personal test I especially do not hesitate to recommend it, especially to all suffering women."

Peruna has gained full confidence and a permanent stay in our home."
Anna Linder, R. 5, Dassel, Minn., writes: "I took *Peruna* and it well. I would not be without that great tonic for ten times its cost."

Nearly all old-fashioned Cough Syrups are constipating, especially those containing opiates. They don't act just right. Kennedy's Laxative Cough Syrup contains no opiates. It drives the cold out of the system by gently moving the bowels. Contains Honey and Tar and tastes nearly as good as maple syrup. Children like it. Sold by all druggists.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. Kidney trouble is never so advanced as it is until the blood is poisoned. Blood will attack vital organs or the kidneys themselves break down and waste away cell by cell.

Bladder troubles most always result from a derangement of the kidneys and a cure is obtained quickly by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It cures inability to hold urine and scaling pain in passing it, and overcomes that unpleasant necessity of being compelled to go often during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and one-dollar sized bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both free of charge. Write for it by mail, Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Don't make any mistake but remember the name Swamp-Root. Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Canton, Ohio, August 19. I was a miserable incurable. I appeared, for years, to be getting better and some slight difficulty with kidney trouble. Treated by physicians, used all patent medicines, heard of no relief. No relief. I was in a continual sinking and falling off in flesh until I was treated with Dr. Kilmer's Swamp-Root. It made a big improvement at once. Cured me right up. Irwin H. Stewart, 300 N. Market St., Canton, O.

CANTEN ENFORCED

Army and Navy Union Declares For Restoration of This Feature of Army Life.

A TEMPERANCE MEASURE

No Greater Blow to Genuine Temperance Was Ever Struck Than When Canteen Law Was Repealed.

This Is the Sober Judgment of Men Who Are in a Position to Know Whereof They Speak.

Washington, July 19.—The convention of the Army and Navy Union has voted in favor of the restoration of the army canteen and for an increase of 10 per cent in the pay of petty officers and enlisted men of the navy on every four years of service. Resolutions of condolence and sympathy to the relatives and friends of "the late comrades of the battleship Georgia" who lost their lives as the result of the recent explosion on that vessel, were adopted. The national commander, by unanimous vote, was authorized to establish garrisons of the union on battleships and other vessels. The national endorsement of an auxiliary sick, insurance and death benefit, was received by order of the convention, but the joining of the endorsement is optional with members.

The resolutions adopted in favor of the restoration of the army canteen follows: Resolved, by the Army and Navy Union in convention assembled, that we desire to go on record with the officers and men of the army, with President Roosevelt and Secretary Taft, with the Spanish veterans and many other patriotic organizations, in favor of the restoration of the army and to soldiers' homes of the canteen as it was operated prior to 1901.

Resolved, that our own experience has shown beyond question that the sale of beer and light drinks in the army canteen was a veritable temperance measure; that it added in promoting the moral welfare and comfort of the men in the post and camp; and that no greater blow to genuine temperance was ever struck than when the law was repealed.

Resolved, that we believe congress should have the courage to meet this question squarely and fairly and not be influenced, as in the past, by the theories of persons who have had no actual experience with army and navy life. We therefore direct the officers of the organization to take whatever steps may be necessary to urge congress to restore the former law as to the canteen, believing that we are acting not only for our good, but for the good of the nation. In the interest of temperance and moderation."

National officers will be elected this afternoon. Commander Brown is being opposed for reelection by General Andrew S. Burt, U. S. A., retired.

When there is the slightest indication of indigestion, heart burn, flatulence or any form of stomach trouble take a little Kodol occasionally and you will be afforded prompt relief. Boy's Life Saved
My little boy, four years old, had a severe attack of dysentery. We had two physicians, both of them gave him up. We then gave him Chamberlain's Colic, Cholera and Diarrhoea remedy which cured him and believe that saved his life. —William H. Stirling, Carbon Hill, Ala. There is no doubt but that this is the best medicine for children of any age. Give it with castor oil according to the plan printed directions and a cure is certain. For sale by Severs Drug Co.

VERDICT IN LAMANA CASE

New Orleans Kidnappers Found Guilty Without Capital Punishment.
Hannibal, La., July 19.—Verdict in kidnapping and murder trial: Nicola Gebbia Campiciano, Mrs. Campiciano, Tony Costa and Frank Gendusa, guilty, without capital punishment, of complicity in the murder of little Walter Lamana of New Orleans, who was kidnapped and strangled about a month ago.

The verdict was received just before dark last night after the jury had been out forty-five minutes, and at the close of a four-days' trial, full of excitement. Absolute silence greeted the foreman's announcement. The spectators listened quietly while the jury declared that their verdict was unanimous, and then court was adjourned. An hour afterward it was reported that preparations for a lynching were under way. A physician of local prominence made a statement declaring "that the good people of St. Charles repudiate the verdict," and calling it a "prostitution of justice."

The lynching report reached as far as New Orleans and the local officials were apprehensive that a party might be made up in that city to aid in such an attempt. The distance between here and New Orleans is about twenty miles. Only three of the prisoners were mentioned in these reports of violence, the name of Mrs. Campiciano being omitted. The verdict was generally satisfactory in her case. The others are the woman's husband and Collagore Gendusa and Tony Costa.

The prisoners were returned to the St. Charles parish jail, an isolated structure standing in the fields a quarter of a mile away from any habitation except the sheriff's house and the courthouse. It was deemed unwise to take the prisoners back to New Orleans by train, since the railroad would have to take them through a somewhat wild country on the west bank of the river and outside the city. The sheriff, who has the prisoners in his custody, has repeatedly declared that he can prevent lynching of the Italians in his parish, and he is looked upon as capable of defending the men in almost any emergency.

In the four days' trial, which closed last night, the state did not succeed in proving that any of the accused committed the actual murder. It was proving that Campiciano and his wife shielded the kidnappers from capture, even throwing a party of police off the trail when they were within a short distance of the state's hide place, about an hour before his murder. Testifying in his own defense, Campiciano did not deny this, but claimed that he had been forced by threats of death to act as he did. Collagore Gendusa was the go-between for the ransom money and Costa, according to witnesses, was the actual kidnapper who stole the boy and gave him to the kidnappers. Costa denied this while testifying in his own defense.

Campiciano testified that the actual murderers were Angelo Incarcerata, Tony Gendusa, Stefano Monfre and Chico Luchesi. These four have not been captured. Campiciano said he was placed in the plot Leonardo Gebbia and Nicolaia, his sister, both of whom will be tried next week.

It took him two months to survey the site, and then two or three more months were consumed in clearing the brush from the place and higher than the present business district.

WOMEN WHO CHARM

Health Is the First Essential Toward Making a Woman Attractive.

MISS HULDA KUGLER

MISS ELIZABETH WYNN

There is a beauty and attractiveness in health which is far greater than mere regularity of feature.

Miss Hulda Kugler, of No. 25, West 15th Street, New York City, writes:

A sickly, irritable, and complaining woman always carries a cloud of depression with her; she is not only unhappy herself but is a damper to all joy and happiness when with her family and friends.

Dear Mrs. Pinkham:—
"For months I was ill with an internal trouble. I suffered terrible agony, was nervous, irritable, and sick all the time. Took different medicines without benefit. Lydia E. Pinkham's Vegetable Compound was recommended and within six months I was completely restored to health and I want to recommend it to every suffering woman."

It is the bright, healthy, vivacious woman who always charms and carries sunshine wherever she goes.

Women who are troubled with painful or irregular functions, backache, bloating (or flatulence), displacements, inflammation or ulceration, that bearing-down feeling, dizziness, indigestion, or nervous prostration may be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound.

If a woman finds that her energies are flagging and that everything tries her, if her feminine system fails to perform its allotted duties, there is nervousness, sleeplessness, faintness, backache, headache, bearing-down pains, and irregularities, causing constant misery and melancholia, she should remember that Lydia E. Pinkham's Vegetable Compound made from native roots and herbs will dispel all these troubles, bringing the cause of the trouble to their where other treatment may have failed.

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham at Lynn, Mass. From the symptoms given, the trouble may be located and the quickest and surest way of recovery advised. Out of her vast volume of experience in treating female ills Mrs. Pinkham's Vegetable Compound help her. Her advice is free and always helpful.

Miss Elizabeth Wynn, of No. 205 8th Avenue, New York City, writes:

Mrs. Pinkham's Invitation to Women.

Dear Mrs. Pinkham:—
"For months I suffered with dreadful headaches, pain in the back and severe hemorrhages. I was weak and out of sorts all the time. Lydia E. Pinkham's Vegetable Compound helped me when all other medicine had failed. It seemed to be just what I needed and quickly restored my health."

LABOR TROUBLES
AT TELL CITY.

Strike Among Union Men Threaten To Close All Industries.
 Tell City is in the throes of a labor trouble, the agitation of which has been going on some months. Of the 1,000 laborers in that town, 700 are now said to be organized and in the union. Some of the most substantial manufacturing interests of the town refuse to recognize the organization, and as a result many industries are on a stand still, while others are sure to become inactive. It is stated that it is a matter of only a few weeks, at least, when the town industries will be out of operation as a result. Considerable hard feeling exists over the matter, and it is said that property depreciation in value is very noticeable.—Clarion.

VOICE OF THE CHURCH
Is Raised Against Certain Propositions of So-Called Critics.

Rome, July 19.—The syllabus promulgated by the pope with regard to the so-called modernism in the faith contains a preamble which sets forth that Roman Catholic authors under the pretext of examining dogmas, explain them in the name of history in such a fashion that the dogmas themselves disappear. To prevent such errors, the preamble says, the pope has ordered a congregation of inquiry to note and approve the principal errors, and condemn them. These include the following:
 Divine inspiration does not guarantee all and every part of the holy scriptures against error.
 The resurrection of the Saviour is not an historical fact, but is purely supernatural. It can neither be demonstrated nor is it demonstrable.
 The Roman Catholic church became the head of all churches, not by divine ordinance, but by purely political circumstances.
 The church is the enemy of natural and theological sciences.
 The Christian doctrine was first made, then Pauline, then Hellenic, then universal.
 The principal articles of the Apostles' creed had not the same significance to the primitive Christians as they have to the Christians of the present time.

 Sick liver puts you all out of sorts, makes you pale, dizzy, sick at the stomach, gives you stomach ache, headache, malaria, etc. Well liver keeps you well, by purifying your blood and digesting your food.
 There is only one safe, certain and reliable liver medicine, and that is

Thedford's Black-Draught
 For over 40 years this wonderful remedy has been the standby in thousands of homes, and is today the favorite liver medicine in the world.
 It acts gently on the liver and kidneys, and does not irritate the bowels.
 It cures constipation, relieves congestion, and purifies the system from an overflow of bile, thereby keeping the body in perfect health.

We ask your careful inspection of the figures in this statement, and call your attention to the very conservative valuation of each item in our resources, every dollar of which is worth more than one hundred cents. We call your attention to the representative character of our disbursements. Our resources are ample to handle the largest business in this section of the State, and we give the most careful consideration to small accounts. No account is too small for us to appreciate. We are prepared to handle every kind of trust business, act as guardian, trustee, administrator, assignee, etc.

Very respectfully,
